DEPARTMENT OF AGRICULTURE

Food Safety and Inspection Service

[Docket No. 97-075N]

HACCP; Opportunity for Early Implementation

AGENCY: Food Safety and Inspection Service, USDA.

ACTION: Notice.

SUMMARY: The Food Safety and Inspection Service (FSIS) announces that federally inspected meat and poultry slaughter and processing establishments may, upon request, implement and receive inspection under the new Hazard Analysis and Critical Control Point (HACCP) regulations prior to the mandatory implementation date. FSIS expects to be able to make early implementation available to most interested establishments beginning in spring 1998.

DATES: Written comments must be received on or before March 31, 1998.

FOR FURTHER INFORMATION CONTACT: Mr. William Smith, Acting Assistant Deputy Administrator, Inspection Operations, Room 4437 South Building, Washington, DC 20250; (202) 720-3697.

SUPPLEMENTARY INFORMATION:

Background

The Hazard Analysis and Critical Control Points (HACCP) regulations set forth in 9 CFR part 417 become mandatory in all federally inspected meat and poultry slaughter and processing establishments during the period between January 26, 1998, and January 25, 2000 (61 FR 38806; July 25, 1996). The mandatory implementation date for large establishments (500 or more employees) is January 26, 1998; for small establishments (10 to 499 employees), it is January 25, 1999; and for very small establishments (fewer than 10 employees), it is January 25, 2000.

Some small and very small establishments have expressed interest in implementing the HACCP regulations set forth in 9 CFR part 417 before the mandatory date. Because the implementation of HACCP will likely reduce the risk of food borne illness from meat and poultry products, the Food Safety and Inspection Service (FSIS) will make every effort to accommodate requests for early HACCP implementation.

FSIS has expedited the training of inspectors, and expects by March 1998 to have a sufficient number of HACCP-trained inspectors available to respond positively to most requests. However, because the agency cannot project the actual number of requests, the granting of requests will be contingent on the availability of HACCP-trained inspectors.

Establishments that desire to be subject to the HACCP regulations before the mandatory date should submit a letter to this effect to the District Manager for the area in which the establishment is located. The letter should contain: (1) The establishment number; (2) the date that the establishment requests HACCP inspection to begin; and (3) an acknowledgment that the establishment cannot revert to traditional inspection once HACCP inspection is provided. Interested establishments should understand that early HACCP implementation means advancing the effective date of the HACCP regulations for them and that FSIS will enforce the HACCP regulatory requirements. FSIS will acknowledge receipt of the request and address the practicability of the requested implementation date, based on the availability of HACCP trained inspectors in a return letter. Because of the resource requirements involved in accommodating an establishment's request for early HACCP implementation, once the exchange of letters with FSIS confirming the agreement to implement HACCP on a given date is complete, the establishment will not be able to alter or withdraw from that agreement.

Done at Washington, DC, on: January 26, 1998.

Thomas J. Billy,

Administrator.
